

Table 1. Status Code assignment guidelines.

Status 1 – Areas having permanent protection from conversion of natural land cover and a mandated management plan in operation to maintain a natural state within which natural disturbance events are allowed to proceed.

Status 2 – Areas having permanent protection from conversion of natural land cover and a mandated management plan in operation to maintain a natural state, but which may receive uses that degrade the quality of existing natural communities.

Status 3 – Areas having permanent protection from conversion of natural land cover for the majority of the area, but subject to extractive uses of either a broad, low-intensity type or localized intense type.

Status 4 – Areas with no known public or private institutional mandates or legally recognized easements or deed restriction held by the managing entity to prevent conversion of natural habitat types.
